## *About Life Pieces To Masterpieces*

*Life Pieces To Masterpieces* has identified effective, innovative, and replicable strategies that have resulted in the *dramatic improvement* of the early childhood and youth development of young, underserved African American males in our nation's capital.

*Each day our mission is actualized* through the use of our unique and effective human development arts-based curriculum that guides all of our programming. Since 1996 we have served more than 1,000 boys and young men and shown them how through their *thoughts, words and actions* they can become leaders with *courage, compassion and wisdom*.

We have been able to do this *powerful work* through the generous financial support of *foundations, government, individuals and corporations*.

We invite you to join LPTM as we pave the way for the next 15 years and beyond.
